If a return/exchange results in additional charges or refunds, how would you like us to process that?

Use the card on file

Payment is included in pkg

Call for card information

If you are sending an item back for repair, it will be repaired or replaced in accordance with our lifetime warranty. We generally complete a repair within about 1 week of receiving the item. If a holster is beyond repair and must be replaced, we will do so with a current production model which may vary from the original product. We are not able to return leather backers or portions of holsters sent in for repair. If you wish for us to use the existing leather backer, please let us know. We will make every effort to do so but cannot guarantee that this will be possible.

Please be aware that previous custom work cannot be replaced.

Not all items qualify for the Trial and/or Lifetime Warranty. If you are wondering if your item is available for return/repair/exchange, please contact Customer Service at: 1-888-732-5011 or email customerservice@n8tactical.com. Items sent in that are not available for return/repair/exchange will be returned to the purchaser.
